

**What will
school be like
when I return
in September
2020?**

This year there has been lots of changes that we have had to deal with, these changes may make us feel anxious about returning to school because we don't yet know exactly how school will be. This booklet will set out some of the new arrangements for September...

Everybody will have to remain in their year groups during the school day and cannot mix with other year groups, this means that every year group will have different timings to the school day and these will be different from what you are used to.

LESSON TIMINGS WILL CHANGE.

Mr Prindiville has sent a letter to all parents with a clear outline of each year groups new timings of the school day.

This will be new for everyone so do not worry about knowing your timings, all of the school staff will be on hand to help all the students learn the new day.

Moving around the school will be different.....

In September, each year group will have its own corridor which all lessons will take place. For example you may only be on the F corridor for every lesson.

For example: P1 could be Maths in F12 and P2 could be Geography in F15. You will not have any lessons on any other corridor.

Each year group will have their own toilet and cannot use other year group's toilets.

Year group “bubbles”

You may have heard the word “bubbles” used a lot recently. All this means is the group you stay inside and do not mix with others.

Your entire year group will be your “bubble”. This means you can hang out with anyone in your year (they do not have to be in your form/class), but you are **not** allowed to spend time or be with anyone who is in a different year group.

Everyone else

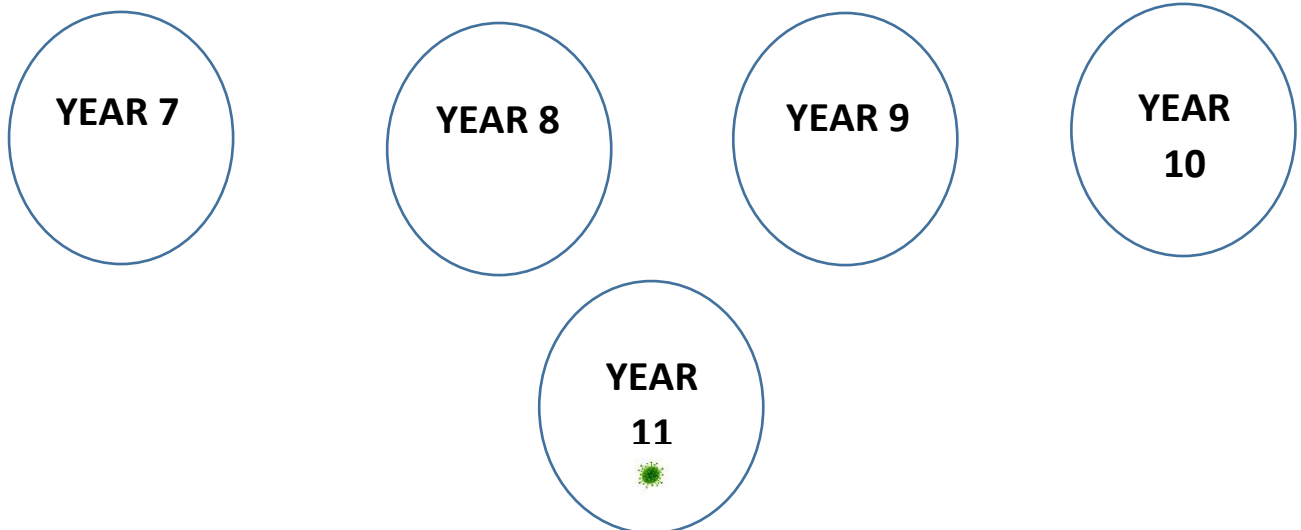

Year group

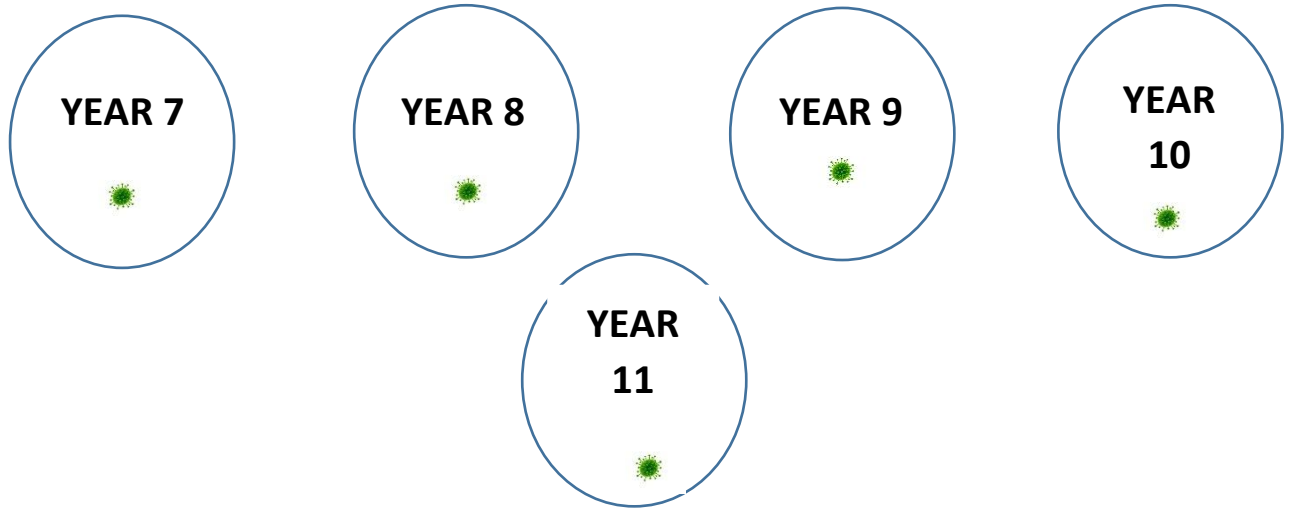

Why are we in bubbles?

Let's imagine a student in Year 11 becomes unwell, if they are in a Bubble, the steps we may have to take to look after everyone will only affect one year group. The rest of us will be able to continue coming to school.

If we did not have bubbles and someone became unwell, it would then impact the whole school like this:

Although there are many differences happening right now, it is important to remember that school will remain safe, fun and a happy place for us all as always.

We are looking forward to welcoming you back in September.
