
YEAR 7

BUSINESS AND ECONOMICS
TRANSITION ACTIVITY

BUSINESS AND ECONOMICS EXTENDED LEARNING...

- **Task**
- Using the following websites and your own knowledge and understanding on the world of current affairs (related to either business, technology or economics), your task is to either
- Design a scrap book (5-6 pages long) with pictures and some text or
- Design a vision board using pictures and a few words
- It will include recent events that have been happening in the UK and/or around the world. You may choose to present it your peers when you start your new school.
- Examples could include, the impact of coronavirus on businesses, how technology has changed, how unemployment has increased, the impact on travelling abroad, businesses that have done well during the pandemic (supermarkets, companies making face-mask): just a few points to help you, however carrying out your own independent research will allow you to extend your learning and encourage you to think outside the box
- Be creative and have fun learning!
